

OPPORTUNITIES

Volunteers from all walks of life are greatly needed; in exchange you will be provided with some of the most rewarding and heartfelt moments of your life. Volunteer opportunities are available in many parts of Nepal, in both rural and urban areas. We offer a wide variety of programs to suit your talents and interests. We will work with you to design a unique program that meets your goals. Options for volunteers include:

- Teaching at a school
- Assisting at an orphanage
- Improving community health & increasing environmental awareness
- Working with local human rights & poverty eradication organizations
- Planting & harvesting in villages
- Assisting in rural medical centers
- Tutoring and coaching in after school programs
- Engaging in cultural exchange
- Creating custom research or service projects

Volunteer Nepal extends an invitation to those approaching or in retirement to join us and share their skills, experience, time and energy. From our centrally located Volunteer House in Dhapasi (only a five-minute walk from our children's homes), to a typical rural homestay, to a guest house in Kathmandu, we are more than happy to arrange memorable and comfortable experiences for these volunteers.

OUR MISSION

Volunteer Nepal strives to nurture a meaningful relationship between Nepali people and volunteers who seek a heartfelt, life-changing experience. We are dedicated to arranging for volunteers to be immersed in the Nepali culture. Through our careful placement into family homes, volunteers share in the daily life of the average Nepali while working in the community. We have found that the experience is life-altering and affirming for both the Nepali people and the volunteers.

“Taking care of the next generation is a burden we must share, regardless of the passports we hold. I am involved in several social and community projects across my country, but it was important for me to do something in a global context.” - Former Volunteer

“MOST LEAVE WITH THEIR LIFE’S COMPASS POINTING CLEAR AND STRONG TO A NEW DIRECTION IN THEIR LIVES.” –MICHAEL HESS, VOLUNTEER NEPAL FOUNDER

OUR ORGANIZATION

Nepal Orphans Home (NOH), established in 2005, is a charitable organization administered in North Carolina, which operates five children’s homes for more than 130 boys and girls in Dhapasi, Kathmandu. Our children are either orphans or are from families that are too poor to provide for them. Due to generally oppressive social conditions for women, most of our children are girls, many of whom have been rescued from bonded servitude or abuse. NOH also supports a village school, serving mostly Dalit (untouchable) children, in the Ramechhap district and a small school for underprivileged Sherpa children in northeastern Nepal. Volunteer Nepal provides significant financial support for NOH operations.

PROGRAM FEES

Volunteer fees are used to pay for the following expenses: support staff in the Volunteer House, transportation to and from the airport, accommodations during orientation, language and cultural classes, trips to heritage sites during orientation, host families or other accommodations during time at placements, all meals (traditional Nepali food), and transportation to and from placements, usually in the company of a staff member. The remaining revenue from volunteer fees supports the operations of Nepal Orphans Home. For more information about program fees and additional expenses, please go to:
